Re: PHILANDERERS C.C.

I am pleased to detail below the Programme of Fixtures which I have arranged for the forthcoming inaugural Season. This is of course the advance notice of fixtures which you were promised a couple of months ago but unfortunately the Programme took rather longer to arrange than I had anticipated. However, I hope that you will all find it to be a well balanced fixture list which has in fact seven afternoon matches and five evening games. Those fixtures marked with an asterisk indicate that a ground has not yet been procured but notification of all venues will be included in the official Club Fixture List which I hope will be printed and issued by early April.
